

BILLINGSHURST PARISH NEIGHBOURHOOD PLAN

COMMENTS FROM THE BILLINGSHURST SHOW –JUNE 2016

HEALTH:

- Improved access to GP's and dentist
- Several people mentioned the Surgery and the difficulty they are having getting appointments.

RECREATION:

- Create a Country Park in Daux and Rosier Woods and fields down to the railway. Preserve this one against development.
- No more development on green field sites
- Preservation of the green land – to stop the spread of the village.
- Playground at Jubilee fields

TRANSPORT:

- People commented that we need a bypass
- Too many heavy lorries through the village and Station Road
- Stop the over sized lorries on the narrow roads.
- Restricting speed limit on roads such as Natts Lane
- Need for petrol station
- A petrol station opposite the tip and Jubilee field entrance would catch traffic on the A272 and A29 at the same time.
- Petrol station, yes please.
- Enforcement of speed limits.

RETAIL:

- Redevelop the eyesore that is Jengers Mead. Agreed.

EMPLOYMENT/INDUSTRY:

- Please can the industrial estates be moved to outside the village? Build houses in their place.
- The industrial estates need moving out of the village. The field by the Hilland Roundabout by the power lines would be ideal.
- Move the industrial somewhere else please

INFRASTRUCTURE:

- Disabled paths all around Station Road – Lower Station Road
- Need for a cemetery in Billingshurst
- Police presence.
