Dear Sir or Madam:

Re: Lighting works to Footpath and Footbridge to Jubilee Fields

You may have heard via the Parish Council that there is going to be lighting installed on the footbridge and path leading down to Jubilee Fields.

I have programmed this work to start in the second week of September to allow for access during the school holidays. A road crossing will be made on the main road under the footbridge from the 10th September and followed on the 17th September by a closure of the footpath from Pine Close to Jubilee Fields.

Access to the footpath alongside the road will be maintained via Maple Close although the footbridge will be closed for a period of two weeks to allow for cable trenching and reinstatement.

There may be some small disruption in Pine Close for this period whilst the trenching works are in operation and an occasional contractor vehicle parking to load equipment and materials, but this will be reduced as far as possible. The extent of the trenching on the Pine Close footpath will be kept to a minimum whilst obtaining access to the underground supply cable, the exact location of which is a little unclear until the contractor has excavated.

The contractor, SSE Contracting, will keep local residents informed on an informal basis throughout the works. Notices will be posted locally to inform footpath users of the closures.

Please feel free to contact me if you have any concerns about the works or if there is anything you feel I ought to know before the works commence.

Yours faithfully

A handwritten signature in black ink that reads "Kevin Moss." The signature is written in a cursive style with a small dot above the 'i' in "Moss".
